Description

Haier 65" QLED 4K Google TV 120Hz H65S80GUX The Haier 65" QLED 4K Google TV H65S80GUX is designed for users who want a strong home entertainment TV with vibrant colors, smooth motion, and smart Google TV features in a practical large-screen size. Its strongest selling point is not only the 65-inch display. The real value is the combination of QLED color, 120Hz refresh rate, HDMI 2.1 gaming support, Google TV, Chromecast, and Dolby Audio. This makes it a strong option for movies, sports, gaming, streaming, and everyday family viewing. Key Features 65-inch QLED 4K display 3840 × 2160 Ultra HD resolution 120Hz refresh rate MEMC motion smoothing Quantum Dot technology with over 1 billion colors HDMI 2.1 support VRR and ALLM for gaming Google TV operating system Built-in streaming apps Voice control support Chromecast built-in Dolby Audio sound system Bezel-less design Wi-Fi and Bluetooth connectivity 2GB RAM + 32GB storage Display Performance 65-Inch 4K QLED Screen The 65-inch screen gives a large, immersive viewing experience without being as space-demanding as 75-inch models. Quantum Dot Color QLED technology helps produce brighter, richer, and more vibrant colors with over 1 billion color shades. 4K Ultra HD Resolution The 3840 × 2160 resolution delivers sharper detail for 4K movies, series, gaming, YouTube, and streaming content. Motion & Sports Viewing 120Hz Refresh Rate The 120Hz refresh rate helps deliver smoother motion, especially for fast action scenes, sports, racing, and gaming. MEMC Technology MEMC reduces motion blur and judder, helping fast-moving content look cleaner and more fluid. Gaming Performance HDMI 2.1 Support HDMI 2.1 makes the TV more suitable for modern gaming consoles and high-performance gaming devices. VRR and ALLM VRR helps reduce screen tearing, while ALLM automatically switches to a lower-latency mode for smoother gaming. Real Buyer Benefit This is important for PlayStation, Xbox, and PC gamers who want responsive gameplay and better motion performance. Smart TV Experience Google TV Google TV brings streaming apps, recommendations, and content discovery into one simple interface. Built-In Apps Users can access popular streaming platforms such as Netflix, YouTube, and other supported apps. Chromecast Built-In Chromecast allows users to cast videos, music, and content from compatible phones, tablets, and laptops directly to the TV. Voice Control Voice control makes it easier to search for shows, open apps, and manage compatible smart features. Audio Experience Dolby Audio Dolby Audio improves sound clarity and entertainment impact compared to basic TV speakers. Expectation Check For a more cinematic experience, especially in larger rooms, pairing the TV with a soundbar is still recommended. Design Bezel-Less Design The bezel-less look helps create a cleaner and more immersive viewing experience, making the TV feel more modern in the living room.
