Description

Multi Raclette 3 in 1 We've made eating fun and sociable with our versatile Multi Raclette 3-in-1. It's a modern twist on the traditional raclette allowing you to enjoy your melted cheese slices with artisan bread, charcuterie or veggies. With eight serving pans that double as plates, the Multi Raclette 3-in-1 allows you to grill and griddle as well as melt cheese - it's everything you need to impress your guests on a winter night. Half die cast aluminium plate and half stone The half die cast aluminium plate and half stone keep your cheese hot and other food choices warm and tasty throughout the dining experience Reversible non-stick grill and gridle plate The advantage of being both a grill and gridle gives you plenty of choices when cooking, allowing you to rustle up a stir fry, pancakes and more at the table. No need to leave the social experience to use an oven or hob Grill and Melt with variable temperature controls Variable temperature control allows a range of food to be griddled in the upper part using the top plate, while grilling or melting cheese underneath Specs Half die cast aluminium plate and half stone Variable temperature control to melt and grill on both levels at the same time Reversible non-stick grill and gridle plate Serves 8 people with 8 non-stick mini-pans for heating and eating Dishwasher safe plates make cleaning up easy Comes with non-scratch wooden spatulas for non-stick serving Operation indicator light Cool touch handleseth Power: 1400W
