Product specification sheet

Product	Ninebot Kick Scooter F2 Plus E by Segway
SKU	cm-Segway-F2-Plus-E
Brand	Segway
Category	Automobiles & Motorcycles
Minimum order quantity	1
Unit	—
Unit price	$599.00
Available quantity	0

Description

Rear-wheel drive with max. Power of 800W Anti-skid Traction Control System Maximum speed up to 25 km/h (15.5 mph) Maximum range up to 55 km (34.2 miles) Up to 20% easy climbing 10" Tubeless Pneumatic Tyres with jelly layer 2 brakes: front disc and electronic rear brakes Built-in front and rear indicators for safe commuting More Milage, More safety The Scooter F2 Series is designed for commuters. Upgraded power, larger battery capacity, Traction Control System, and integrated turn indicators allow you to enjoy a high-quality, safer ride on your daily commute. Enjoy Your City Ride The Ninebot Kick Scooter F2 Plus E upgrades its battery capacity of 460Wh to provide you a longer riding on a single charge. Challenge the Stronger Motor The upgraded motor of the Scooter F2 Plus E enables you to whiz through the city without worries. With 900W maximum output, the brushless motor delivers a speed of up to 20 mph and helps you conquer up to 20% grade slope. Skid-Resistant TCS for Worry-Free Riding Segway-Ninebot takes the lead in introducing the Traction Control System (TCS) technology in the eKickScooter industry. The F2 Series was developed with Ninebot delicate controller algorithm to precisely control the eKickScooter and has increased traction on gravel tracks or slippery roads for stability and safety. *This feature needs to be enabled via Segway Ninebot APP Protect You on Every Turn Thanks to the built-in front and rear indicators you will be visible during the day/night. By showing the way you are going to the others, the indicators ensure safety and decrease danger when making a turn. Illuminate Your Path Engineered with safety in mind, the 2.1 W LED front light can illuminate your path up to 13.5 meters on a clear road. The Scooter F2 Plus E comes with front, side, and rear reflectors to enhance night time visibility or low light settings. Durable and Waterproof With a build of high-strength steel, the IPX5 waterproof eeKickScooter is ready to use for tough challenges in all weather. IPX6 eeKick Scooter Body IPX7 Battery Pack A Mode for Every Mood Faster or Further, You're in Control ECO Mode up to 55 km Long Range Standard Mode up to 45 km Balance of Range & Speed Sport Mode up to 40 km Better Acceleration Manage Your Trip on your Smart App Your Smart Riding Assistant: Bluetooth connection Lock and unlock eeKickScooter Riding status Firmware Update And many more! Track your eKickScooter with Apple Find My Thanks to Apple Find My network, you can locate your eKickScooter anywhere! After enabling Apple Find My via Segway-Ninebot app and pairing it with your eKickScooter, you can quickly locate your eKickScooter when needed via the ''Find My'' app on your iPhone. *Only available for users of Apple devices of iOS 14.5, iPad OS 14.5 and Mac OS Big Sur 11.1 and above Tech Specs Model F2 Plus E Name Ninebot Kick Scooter F2 Plus E by Segway Max.
