Description

Next-Gen Smart Security (2024): Step into the future of indoor security with eufy Indoor Cam E30. Enjoy enhanced performance by upgrading your app to the latest version (Android 4.9.3_4359, iOS 4.9.35_1651) for a seamless user experience. 4K Ultra-Clear, 24/7 Recording: Capture every detail, day or night, with crystal-clear 4K recording. Stay connected with family and pets using the built-in two-way audio for real-time communication. 360° Panoramic View: Easily navigate your home’s view with new app features like Quick Focus Tap and Panoramic View, allowing you to instantly switch focus by tapping the desired area on your screen. AI-Powered Detection & Smart Auto Tracking: Harness the power of advanced on-device AI to distinguish humans, pets, audio cues, and crying sounds. The camera automatically tracks movement when a person or pet is detected, providing a complete view of their activity. Color Night Vision with Built-In Spotlight: The integrated spotlight allows seamless switching between color night vision and infrared night vision for crystal-clear nighttime surveillance. The spotlight also doubles as a deterrent. Smart Home Compatibility: Works effortlessly with HomeKit, Alexa, and Google Assistant for enhanced home automation. (Note: HomeKit supports up to 1080P resolution.) Local Storage & No Monthly Fees: Store your footage locally with an SD card (sold separately) and enjoy all functions without any subscription fees. Cloud storage options are also available
