Description

Superior Clarity: With dual cameras and 4K UHD resolution, this indoor camera delivers clear and detailed views of your home. Whatever you use it to monitor, you'll see it with incredible clarity. Advanced Zoom Capabilities: The 4K wide-angle and 2K telephoto cameras work together to provide an impressive 8× hybrid zoom. Complete Coverage: The 360° pan and tilt capabilities ensure a complete view of your space without blind spots. This makes it an excellent dog camera or cat camera. Exceptional Night Vision: With an f/1.6 aperture sensor and 2 high-powered infrared LED lights, faces can be seen clearly up to 32 ft away, even in low-light conditions. Intelligent Tracking: Powered by eufy Security's self-developed algorithm, the AI-powered tracking enable the camera to follow family members or pets around the room. Note: 1. Indoor Can S350 is fully compatible with HomeBase 3 with firmware version V3.3.2.6 and above. Homebase 2 is not supported. 2. It is not supported RTSP for NAS storage now, but will be supported in future software updates. 3. Homekit is not supported
