Description

Belkin Compact USB-C Charger 45W The Belkin Compact USB-C Charger 45W is designed for users who need a safe, compact, and reliable fast charger for phones, tablets, and USB-C accessories. With up to 45W output, USB-C Power Delivery 3.1 certification, PPS technology, and a travel-friendly wall charger design, it is a practical choice for iPhone, Samsung Galaxy, iPad, MagSafe-compatible accessories, and other USB-C Power Delivery devices. Key Features Up to 45W Fast ChargingDelivers up to 45W of power for compatible USB-C devices, making it suitable for smartphones, tablets, and accessories. Single USB-C PortSimple one-port design for users who want a compact charger dedicated to one device at a time. USB-C PD 3.1 CertifiedPower Delivery 3.1 certification helps ensure safe, compliant, and efficient charging for compatible devices. PPS TechnologyProgrammable Power Supply adjusts power delivery based on the connected device's needs for a more optimized charge. Fast Charging for iPhone & SamsungCan fast charge iPhone 16 Pro from 0-50% in about 28 minutes or Samsung Galaxy S25 from 0-50% in about 30 minutes under stated conditions. Compact Wall Charger DesignSmall and portable, making it suitable for home, office, travel, and daily carry. Works with MagSafe AccessoriesProvides enough power to support MagSafe-enabled accessories at their optimal charging speed when compatible. Made with Recycled PlasticProduct is made with recycled plastic, supporting a more responsible material choice.
