Description

A thin and light phone case with MagSafe compatibility. Woven from aerospace-grade aramid fiber Incredibly slim and lightweight MagSafe compatible and wireless charging-friendly Minimalist design adds a touch of sophistication Exceptional protection against scratches and discoloration Thickness: 0.961(±0.1mm); Weight: 20.18(±1g) Aerospace-GradeAramid Strength Made from aerospace-grade aramid fiber, which is 5x stronger than steel and weighs just 1/5 as much.It’s ultra-thin, incredibly tough, and built for premium protection—without the bulk Premium Weave Crafted from finely woven aramid fiber, our case offers a silky-smooth, luxurious texture you can feel. It’s not just light and strong—it’s a pleasure to hold, every single time Paper Thin & Feather Light Offers a sleek, barely-there profile that preserves your phone’s original feel. Ideal for minimalists seeking elegant protection without added weight
