Description

CMF Watch Pro 2 AMOLED Smartwatch The CMF Watch Pro 2 by Nothing is built for customers who want a stylish everyday smartwatch with a clean design, AMOLED display, health tracking, Bluetooth calling, and strong battery life without paying flagship smartwatch prices. It is a smart choice for users who want useful daily features in a modern, premium-looking watch. Its strongest value is balance. The CMF Watch Pro 2 combines a sharp 1.32-inch AMOLED display, 120 sports modes, 24-hour heart rate and SpO₂ monitoring, IP68 protection, and up to 11 days of battery life, making it practical for work, fitness, casual wear, and everyday use. Key Features 1.32-inch AMOLED display 466 × 466 resolution 353 PPI pixel density Smooth 60fps refresh rate Bluetooth calling support 24-hour heart rate monitoring SpO₂ monitoring 120 sports modes IP68 water and dust resistance 100+ customizable watch faces Up to 11 days battery life Premium metal body design Leather strap on Blue and Orange variants Liquid silicone strap on Dark Grey and Ash Grey variants Main Feature Sections AMOLED Display The CMF Watch Pro 2 features a 1.32-inch AMOLED display with 466 × 466 resolution and 353 PPI pixel density. The screen delivers sharp visuals, clear text, and a smooth 60fps refresh rate for a more refined everyday viewing experience. Bluetooth Calling Bluetooth calling support allows users to handle calls directly from the watch when connected to a compatible smartphone. This is useful while driving, working, walking, or when the phone is not immediately in hand. Health Monitoring The watch supports 24-hour heart rate monitoring and SpO₂ monitoring, helping users keep track of key wellness indicators throughout the day. These features are useful for general awareness and daily health tracking. Fitness Tracking With 120 sports modes, the CMF Watch Pro 2 gives users flexible tracking options for different workouts and activities. Whether for walking, running, gym sessions, or casual exercise, it helps monitor performance more conveniently. Long Battery Life The watch offers up to 11 days of battery life under typical usage. This makes it more practical for users who do not want to charge their smartwatch every day. Premium Everyday Design The premium metal body gives the CMF Watch Pro 2 a cleaner and more stylish look compared to basic fitness watches. It works well for casual wear, office outfits, workouts, and daily use. Customizable Watch Faces With more than 100 watch faces available, users can personalize the look of the watch depending on their style, mood, or daily routine. IP68 Water and Dust Resistance The IP68 rating helps protect the watch from dust and water exposure during everyday use. It is suitable for daily wear, workouts, and light exposure to water, but it should not be positioned as a professional diving or swimming watch unless officially specified.
