Unit price	$15.00
Available quantity	100

Description

The Mcdodo CM-7220 car phone holder features a gravity locking system, 360° rotation, and ultra-stable suction mount. Easily mounts on dashboards or windshields and supports phones from 4.7″ to 6.7″. Anti-slip rubber pads and robust construction ensure steady performance on all road conditions. Built with durable ABS and PC materials, it provides firm and safe holding—even on bumpy roads or sudden stops. Its powerful suction cup base combines a steel core spring, vacuum valve, and 3M adhesive pad, ensuring strong attachment to dashboards or windshields. The arm is fully adjustable with front-rear height and 360° rotation, making it ideal for both portrait and landscape use. Device Compatibility: All smartphones from 4.7″ to 6.7″
