Description

Support real-time two-way translation in 134 languages, fast and accurate. It offers multiple translation modes for easy communication in travel, meetings, and business negotiations. Advanced Active Noise Cancellation reduces noise from offices, subways, planes, and more, helping you stay focused. Powerful Environmental Noise Cancellation minimizes background noise, ensuring clear calls. Enjoy up to 24 hours of playback with the charging case. The latest 5.4 wireless technology ensures a stable connection and lower power consumption. The translation feature requires the designated app, which also offers various white noise options Speak Freely. Understand Instantly By connecting to the dedicated app, the earbuds support two-way translation in 134 languages. Original and translated texts are displayed in real time within the app, with multiple translation modes to suit travel, meetings, business negotiations, and more Less noise. More clarity Supports hybrid ANC + ENC modes to effectively reduce ambient noise in offices, subways, airplanes, and more — helping you stay focused. With powerful environmental noise cancellation, it filters out voices and traffic sounds during calls, ensuring crystal-clear communication Keep Going. Keep Listening Powered by the latest Bluetooth 5.4 technology, it ensures a stable connection and low power consumption for long-lasting audio enjoyment. Enjoy up to 24 hours of playback with the charging case and 6 hours of continuous listening on a single charge
