Description

Stay warm and comfortable with the Xiaomi Desktop Heater, a compact and efficient heating solution designed for small spaces. Powered by PTC ceramic heating technology, this mini heater provides instant warmth, making it ideal for quick, effective heating in rooms, offices, or personal workspaces. Featuring a 45° oscillation, it ensures even heat distribution across the area, offering a gentle breeze to circulate warmth without harsh airflow. The lightweight design allows for easy portability, while its modern aesthetic fits seamlessly into any environment without occupying too much space. With dumping protection, the heater automatically powers off if tipped over, preventing accidents. It also includes dual thermal protection, with overheat protection and fuse cut-off features for enhanced safety. Designed for convenience, the 360° concealed air inlet maximises airflow efficiency, while the ABS fireproof shell guarantees durability and safety. Whether you need the hot air function for a chilly winter day or the natural wind mode to cool off, the Xiaomi Desktop Heater provides versatile, reliable performance in any scenario. Perfect for spaces up to 10 square meters, this heater ensures your comfort and peace of mind with its advanced safety features and sleek design.
