Description

Secure Your Ride – Stay Connected with Confidence Whether you're on a mountain trail, city street, or scooter, this rugged mobile holder ensures your phone stays locked in place with unbeatable stability and full access Universal Compatibility: Fits bicycles, motorcycles, electric scooters, and more with 15–28mm handlebars. One-Key Lock System: Instantly secure your phone with a single switch for off-road-grade stability. Four-Corner Clamping: Shock-absorbing design grips all four corners to keep your phone from shaking or falling. Full Access Design: Does not block charging port, buttons, or screen — ride and operate freely. 360° Rotation: Effortlessly switch between vertical and horizontal viewing angles with one-hand adjustment. Non-Slip Rubber Pads: Thickened EVA cushions absorb shocks and prevent scratches on your device. Reinforced Base: Anti-manganese steel and silicone pad system offers double durability and grip on the handlebar Model CM-5240
