SKU	cm-insta360-Throwpod
Brand	Insta360
Category	Camera & Photo
Minimum order quantity	1
Unit	—
Unit price	\$78.00
Available quantity	100

Description

Insta360 Throwpod The Insta360 Throwpod is designed for creators who want a fast, stable, and flexible two-in-one tripod and selfie stick for action cameras, 360 cameras, and mobile gimbal setups. With auto-unfolding tripod legs, a 3.6ft / 1.1m extension length, a wide 19.7in / 50cm triangular base, and a universal 1/4-inch mounting point, it is built for outdoor filming, high-angle shots, solo content creation, travel videos, and quick “drop and shoot” setups. Key Features Two-in-One Tripod and Selfie StickWorks as both a handheld selfie stick and a standing tripod for more flexible shooting. Auto-Unfolding LegsThe tripod legs automatically unfold when the Throwpod hits the ground, making setup faster and easier. Drop and Shoot DesignMade for quick filming situations where creators need to place the camera down and start shooting immediately. Extends to 3.6ft / 1.1mProvides extra height for high-angle shots, wider framing, and better composition. Wide 19.7in / 50cm Triangle BaseThe stable triangular base gives stronger support for outdoor use. Universal 1/4-Inch Mounting PointSupports a wide range of compatible cameras and accessories with a standard 1/4-inch screw mount. Built for Outdoor CreativityUseful for solo creators, travel clips, action shots, group footage, behind-the-scenes content, and hands-free recording. Compact Creator AccessoryHelps capture angles that are difficult to achieve with a normal handheld selfie stick. Main Feature Sections Fast Drop-and-Shoot SetupThe Insta360 Throwpod is made for speed. Its legs automatically unfold when the tripod hits the ground, helping creators set up shots quickly without manually opening a tripod every time. Stable Outdoor SupportThe 19.7in / 50cm triangular base provides better support for outdoor filming. This makes it useful for action shots, adventure content, and quick solo shooting where stability matters. Selfie Stick and Tripod in OneThe two-in-one design makes it practical for creators who need both handheld shooting and stationary shots without carrying two separate accessories. Better Shooting AnglesThe 3.6ft / 1.1m extension length allows higher camera positioning for improved composition, wider coverage, and more dynamic perspectives. Technical Specifications Product Type: Two-in-One Tripod and Selfie Stick Brand: Insta360 Model: Throwpod Maximum Extension Length: 3.6ft / 1.1m Base Width: 19.7in / 50cm Mounting Point: Universal 1/4-inch screw mount Tripod Design: Auto-unfolding legs Base Type: Sturdy triangular base Use Case: Action camera filming, 360 camera shooting, travel videos, outdoor content, solo filming, high-angle shots, hands-free recording, and quick tripod setup Best Use Cases Insta360 camera filming Travel content Outdoor adventures Solo creator videos High-angle shots Group shots POV and action content 360 camera shooting Quick hands-free recording Vlogging and social media content Ground-level tripod shots Creative “drop and shoot” filming Compatibility Compatible with: Insta360 GO Ultra Insta360 Flow 2 Series Insta360 Flow Pro Insta360 Flow Insta360 X5 Insta360 Ace Pro 2 Insta360 X4 Insta360 GO 3S Insta360 Ace Pro Insta360 Ace Insta360 GO 3 Insta360 X3 Insta360 ONE RS Twin / 4K Insta360 GO 2 Insta360 ONE X2 Insta360 ONE R Insta360 ONE X Insta360 ONE Also compatible with other devices that support a standard 1/4-inch mounting point, provided the device weight and balance are suitable for the tripod setup.
