Description

insta360 X5 Replacement Lens Kit (Double Lens) Handy kit to easily remove and replace the outer lenses of Insta360 X5 on the go. Completely replaceable lenses mean no more worrying about accidental damage and no waiting around for repairs. Use this kit in a clean, dust-free indoor environment with less than 60% humidity. For more details, please refer to the instructions and precautions. If you need help using the kit to replace the lens, or if you encounter any issues afterward, please contact our after-sales service to arrange a free replacement when you send the camera and Replacement Lens Kit. Please note that a fee will apply if you don't send the Replacement Lens Kit with the spare lens. Color and layout variations may affect the final image, and glare during shooting is normal Replacement Lens Kit Snap, swap, send it again Crashed out? No worries. X5's new replaceable lens design lets you pop out the damaged lenses and snap in fresh ones by yourself. No stress, no waiting, no limits Quality guaranteed. Includes one official replaceable lens for Insta360 X5, plus all the tools you need to replace and clean the lens at home No compromises on image quality. The replacement lens provides a seamless fit with the same outstanding optical performance as the original In the box
