Description

Bose QuietComfort Ultra 2 Headphones The Bose QuietComfort Ultra 2 Headphones are designed for users who want premium noise cancellation, immersive sound, and long-wear comfort in one high-end wireless headphone. With adjustable active noise cancelling, Bose Immersive Audio, CustomTune personalization, Cinema Mode, Bluetooth 5.4, and up to 30 hours of battery life, they are ideal for travel, work, music, movies, and focused daily listening. Key Features Advanced Active Noise CancellingAdjustable noise control helps reduce surrounding distractions for a more focused listening experience. Bose Immersive AudioCreates a spatial sound experience that makes audio feel wider and more natural than standard headphone playback. CustomTune TechnologyPersonalizes the sound based on your ears for a more tailored listening experience. Cinema ModeEnhances video and dialogue clarity, making movies and shows feel more engaging. Up to 30 Hours Battery LifeLong battery performance for travel, workdays, and extended listening sessions. Up to 23 Hours with Immersive AudioKeeps immersive listening available for long sessions, with reduced battery life compared to standard listening mode. Premium Around-Ear ComfortSoft removable protein leather ear cushions and adjustable headband support comfortable long-term wear. Bluetooth 5.4 ConnectivityProvides stable wireless connection with up to 30 ft range. Built-In MicrophonesSupports calls and voice communication. Bose App SupportAllows users to customize sound preferences, settings, and listening modes. USB-C ChargingUses a modern USB-C charging port for convenient recharging.
