Description

Wide Compatibility, More Usage Scenarios LARK MAX 2 wireless lapel microphone set comes with all accessories connecting with iPhone, iPad, Android, DSLR Camera or Computer, all in one. Upgradeable to 4 TX & 1 RX on request, tailored for multi-person interview shooting Scenarios. Adjust settings instantly with the LarkSound APP. OLED touchscreen displays information in real time. Easier to use, with endless possibilities. AI-Powered Studio Clarity: Pioneering deep-learning noise cancellation (5–25dB stepless adjustment) paired with 48kHz/32-bit float studio-grade recording ensures your wireless microphone captures vocals in pristine detail while eliminating background noise. Ultra-Low latency, zero clipping, and 128dB SPL deliver broadcast-ready audio for live streaming, podcasts, and pro recordings—ideal for high-volume environments. Pro-Grade 32-Bit Wireless Studio Workflow: The first wireless microphone system with full-chain 32-bit audio transmission: Capture, edit, and sync studio-quality sound in real time across iPhones, Macs, and DAWs. Built for demanding workflows with 8GB storage (10H 32-bit backup), Frame-Perfect Timecode Sync, and dual modes (transmitter/standalone). Perfect for film sets, live broadcasts, and field production—ensuring unbreakable reliability for wireless mic users. 340m Long-Range Stability: The Hollyland LARK MAX 2 wireless mic delivers crystal-clear audio for professional video recording, incredibly stable audio with LOS range of up to 340m (1115ft). Utilizes advanced 2.4 GHz frequency hopping technology to deliver pristine sound quality and 25ms ultra-low latency (*TX to RX). 36H Extended Duration, Create Anytime: Say goodbye to battery anxiety, the LARK MAX 2 wireless microphone has a long battery life ensuring you can create more, enabling you to create anytime, anywhere. Intimate Discreet Design Mic Hollyland LARK MAX 2 wireless lavalier microphone compact transmitter weighs only 14g, with an innovative stable Hover-Clip and Nano-Coated Material design that snaps into place—quick and secure, also worn by magnet to offer exceptional comfort all day
