Product	Hohem iSteady M7 Gimbal
SKU	cm-iSteady-M7
Brand	Hohem
Category	Camera & Photo
Minimum order quantity	1
Unit	—
Unit price	$245.00
Available quantity	100

Description

Hohem iSteady M7 Gimbal Stabilizer The Hohem iSteady M7 Gimbal Stabilizer is designed for creators who need advanced smartphone stabilization, AI tracking, flexible shooting control, and professional mobile filming features in one device. With iSteady 9.0 stabilization, 360° infinite pan rotation, detachable touchscreen remote, built-in extension pole, upgraded 500g payload support, RGB & CCT fill light, Bluetooth 5.1, and support for foldable phones, it is built for vlogging, livestreaming, travel videos, product content, reels, and mobile filmmaking. Key Features Advanced AI Subject TrackingUses a 2MP AI tracking camera to follow subjects or objects, helping creators film more easily without needing manual control. Detachable Touchscreen RemoteGives users more flexible control when filming from a distance or setting up solo content. 360° Infinite Pan RotationAllows creative panoramic shots, motion effects, and smooth rotating footage. iSteady 9.0 StabilizationHelps reduce shake and improve smoothness during handheld filming, walking shots, vlogs, and mobile video creation. Built-In Extension PoleAdds extra reach for selfies, wider framing, overhead angles, and travel content. Instant Ultra-Wide-Angle ModeHelps switch quickly for wider shots, useful for landscapes, group videos, and dynamic filming. Upgraded 500g Payload SupportSupports smartphones from 170g to 500g, including heavier phones and selected foldable phone setups. Foldable Phone SupportCompatible with supported foldable phones within the size and weight limits. RGB & CCT Fill LightBuilt-in 2W fill light supports 360 RGB colors and adjustable 2700K–6500K color temperature for better lighting control. Bluetooth 5.1 ConnectivityProvides stable connection with compatible smartphones and the Hohem Joy app. Reverse Charging SupportCan provide 5W output to charge compatible devices during shooting. Motor Protection SystemAutomatic shutdown protection helps protect the gimbal motor during abnormal load or unsafe operation. Technical Specifications Product Type: Smartphone Gimbal Stabilizer Brand: Hohem Model: iSteady M7 Stabilization System: iSteady 9.0 stabilization Gimbal Weight: 629g ±5g Unfolded Dimensions: 327 × 122.3 × 118.3mm Folded Dimensions: 335.7 × 57 × 159mm Supported Phone Weight: 170g–500g Supported Phone Thickness: 6.9mm–12.5mm Supported Phone Width: 58mm–90mm Foldable Phone Support: Supported Pan Range: 360° infinite rotation Roll Range: ±45° Tilt Range: -50° to 275° Bluetooth: Bluetooth 5.1 App Support: Hohem Joy app Charging Port: USB-C Reverse Charging: Supported, 5W output Working Temperature: -10°C to 45°C Motor Protection: Automatic shutdown protection system Use Case: Vlogging, livestreaming, reels, TikTok videos, travel filming, product videos, interviews, mobile filmmaking, and solo content creation AI Tracker Tracker Camera: 2MP AI camera Tracker Weight: 20g Tracker Size: 42.5 × 29.5 × 19.5mm AI Features: Subject tracking, object tracking, and native camera compatibility Fill Light Lighting Type: RGB + CCT fill light RGB Colors: 360 lighting colors Adjustable Color Temperature: 2700K–6500K Maximum Power: 2W Use Case: Low-light filming, face lighting, product content, livestreaming, and creative color effects Battery Life Battery Type: 18650 Li-ion battery Battery Capacity: 3200mAh Battery Power: 23.04Wh Maximum Battery Life: Up to 12 hours Balanced Stationary Use: Approx. 8 hours With AI Tracking: Approx. 3–4 hours AI Tracking + Fill Light Together: Battery life will be shorter depending on brightness and usage Charging Time: Approx. 3 hours Charging Port: USB-C Tripod Included Tripod Weight: 118.5g Tripod Size: 142.5 × 35mm Useful for stable filming, AI tracking, livestreaming, product shots, and hands-free recording. Best Use Cases Vlogging Livestreaming Travel videos Reels and TikTok content YouTube Shorts Product videos Walking shots Solo filming Interviews Event coverage Mobile filmmaking Creative 360° rotation shots Smartphone content creation with fill light Compatibility Smartphones weighing 170g–500g Phones with thickness from 6.9mm to 12.5mm Phones with width from 58mm to 90mm Supported foldable phones within the size and weight limits Compatible devices using Bluetooth 5.1 and the Hohem Joy app
