Description

Product Highlights Dr Physio massager is suitable for all types of massage needs. Deep muscle penetration maximizes comfort. Comes with no-fuss adjustable strap for convenient usage. Massages various parts of the body in an easy and effective way. Breathable mesh fabric for skin friendly massaging experience. Can be used for pain relief, relaxation and muscle tension Description Dr Physio USA shiatsu massager is designed with 4 deep-kneading massaging nodes that work wonders to relieve aches, knots, and muscle tension. Offers heating function that adds an extra touch of muscle-soothing intensity, helping you relax by enhancing blood circulation. Massager with 3.5″ ultra-slim ergonomic design contours perfectly around lower and upper-back, neck, abdomen, calf, and thigh areas. Adjustable strap allows you to secure the massager to your favorite chair, sofa or car seat. Made of top quality textured leatherette, is durable, soft to the touch and easy to clean. Directions of Use Insert the plug into power socket. Press the ON/OFF key to open the massager function with heat. Press the ON/OFF key again, switch to reversing mode Press the ON/OFF key for 3 seconds, massager is only kneading without heat. Press the ON/OFF key one more times, turn off the massager. Safety Information Patients with severe heart disease or who have undergone relative surgeries should refrain from using the massager. Patients of Hemorrhagic disease, sepsis, patients with fever should not use the product. Do not use if skin is damage or inflamed This product cannot be used by physically distempered, sensorially or mentally disordered, or inexperienced persons (including children), unless they are under the supervision or instruction by adult(s) in charge of their security. This machine has heating function, please exercise caution and pay attention during usage to adjust heat to a comfortable level for your usage. Please use massager carefully not adding too much body pressure on the massager which may cause motor damage to the product. Do not insert your fingers into rotation massage head bottom, in order to avoid the risk of injury. Do not to remove the internal components of the unit, it may cause malfunction and also void the warranty of the product Please do not try to self repair the unit in case of issues, immediately contact Lifelong Customer Care. Please read the Warranty details carefully. When massager is not in use or post usage, please unplug the massager from the power socket. Do not use wet hands to operate the massager, especially when plugging or unplugging it from the electric socket
