Description

JBL Boombox 3 Portable Bluetooth Speaker The JBL Boombox 3 Portable Bluetooth Speaker is designed for users who want massive sound, deep bass, long battery life, and outdoor-ready durability. With JBL Original Pro Sound, a 3-way speaker system, up to 24 hours of playtime, IP67 dust and waterproof protection, PartyBoost support, JBL Portable App compatibility, and a bold metal-handle design, it is a premium portable speaker for parties, outdoor gatherings, beach days, poolside use, and powerful everyday music. Key Features Massive JBL Original Pro SoundDelivers powerful sound with deep bass, clear mids, and detailed highs. 3-Way Speaker SystemUses a subwoofer, midrange drivers, and tweeters for a richer audio spectrum. Deep Bass PerformanceDesigned for strong bass with lower distortion, even at higher volume levels. Up to 24 Hours PlaytimeLong battery life for full-day music, parties, and outdoor sessions. IP67 Dust & WaterproofBuilt for beach, pool, park, rain, and outdoor use. PartyBoost SupportPair two compatible JBL PartyBoost speakers for stereo sound or link multiple speakers. JBL Portable App SupportAllows easier control and speaker pairing through the app. Strong Bold DesignFeatures twin sidecaps and a sturdy metal handle with orange silicone grip. Main Feature Sections Massive Sound with Deep BassThe JBL Boombox 3 is built for users who want stronger sound than standard portable speakers. Its 3-way speaker design helps deliver powerful bass, clearer mids, and sharper highs for a fuller listening experience. All-Day Battery for Music AnywhereWith up to 24 hours of playtime, the Boombox 3 can handle long listening sessions, workouts, parties, road trips, and outdoor events without needing frequent recharging. Outdoor-Ready IP67 ProtectionThe IP67 rating makes the speaker dust-proof and waterproof, giving users more confidence when using it near the pool, at the beach, in the park, or during outdoor gatherings. PartyBoost for Bigger SoundPartyBoost allows users to connect compatible JBL PartyBoost speakers for stereo playback or a wider multi-speaker party setup using the JBL Portable App. Technical Specifications Product Type: Portable Bluetooth Speaker Brand: JBL Model: Boombox 3 Sound System: JBL Original Pro Sound Speaker Design: 3-way speaker system AC Mode Output: 1 × 80W RMS subwoofer + 2 × 40W RMS midrange + 2 × 10W RMS tweeter Battery Mode Output: 1 × 60W RMS subwoofer + 2 × 30W RMS midrange + 2 × 8W RMS tweeter Maximum Playtime: Up to 24 hours Waterproof: Yes Dust-Proof: Yes IP Rating: IP67 PartyBoost: Supported App Support: JBL Portable App Handle: Metal handle with orange silicone grip Packaging: Recyclable paper-based box with soy ink exterior print Use Case: Parties, outdoor music, beach, poolside, park, travel, workouts, and home listening Battery Life & Charging Maximum Music Playtime: Up to 24 hours Rechargeable Battery: Yes Battery life depends on volume level, bass level, connection type, and usage conditions.
