Product	Beurer Air Humidifier
SKU	cm-Beurer Air Humidifier LB200
Brand	Beurer
Category	Consumer Electronics
Minimum order quantity	1
Unit	—
Unit price	\$200.00
Available quantity	100

Description

Features Hygienic air humidification thanks to natural cold evaporation technology — up to 99.9% fewer bacteria Filter drying function: Dries the filter after use to reduce bacteria growth Humidification index up to 200 ml/h Three humidification levels provide constant air humidity of 40%, 50% or 60% Smart Auto Mode: Measures current humidity and adjusts performance to desired humidity Night Mode: silent operation, without annoying lighting Even distribution of humidified air throughout the room thanks to a 360° design Digital humidity indicator Water level window Water level sensor and indicator and safety shut-off when the tank is empty Safety stop with display function Illuminated control panel Quiet: suitable for use in the bedroom Suitable for rooms up to 30 m² Model LB 200 Beurer Air Humidifier LB200 For an ideal indoor climate in your home The LB 200 humidifier combines powerful humidification with a modern, high-quality aesthetic. Thanks to its cold evaporation technology, its operation is both energy-efficient and quiet, so it can be left on without worry even overnight. In addition, the clearly designed control panel allows for intuitive operation of the humidifier Specs Article reference 10069 Power supply type on mains with power cable Product designation Humidifier Power plug type Euro flat plug Guarantee 1 years Illuminated control element Yes Illuminated fog exit No Tank size 3 Liters Removable water tank No Removable water tank No Carrying handle No Recessed handle No Adjustable steam nozzle No Weight (with packaging) 3.70 kg Weight (without packaging) 2.87 kg EAN 4211125100698 Package dimensions (L/W/H) 28.01cm x 28.00cm x 39.80cm Screen No Screen width 2.1 cm Display height 1.4 cm Display size: 2.1 cm x 1.4 cm Screen lighting No Screen background color in the on state black Color of numbers white Display of relative air humidity Yes Water level gauge Yes Filter change indicator Yes Safety stop Yes Control LED No Humidification technology Cold evaporation Self-regulated humidification Yes Number of fan speeds 3 Maximum room size 30 m² Automatic function Yes Continuously adjustable No Setting the desired humidity Yes Maximum humidification index per hour 1 200 Milliliters Suitable for water-soluble aromatic oils No Filter drying function Yes Filter life 6 months Connect Product No Accessories available for the product Yes Easy cleaning Yes
