

Product specification sheet

Product	Xiaomi Air Compressor 2 Pro
SKU	cm-BHR8742CN
Brand	Xiaomi
Category	Consumer Electronics
Minimum order quantity	1
Unit	—
Unit price	\$61.00
Available quantity	0

Description

Xiaomi Portable Electric Air Compressor 2 Pro The Xiaomi Portable Electric Air Compressor 2 Pro is designed for users who need fast, portable inflation for car tyres, bicycle tyres, motorcycle tyres, balls, and other inflatable items. Its strongest selling point is not only fast inflation. The real value is the combination of high air volume, preset inflation modes, pressure display, long battery life, emergency lighting, and a compact portable design that makes it practical for travel, roadside use, sports, and daily backup. Key Features Rapid inflation in around 45 seconds Inflates up to 16 tyres on one charge Pressure range from 3–150 PSI High-performance magnetic motor Multiple preset inflation modes Inflation progress display Emergency light, warning signal, and SOS mode 2500mAh battery capacity USB-C charging Compact portable design Includes valve adapters, hose extension, storage bag, and charging cable Inflation Performance Rapid Inflation The compressor is designed to deliver high air volume for faster inflation, with rapid inflation possible in around 45 seconds depending on tyre size, pressure requirement, and current air level. Pressure Range With a pressure range of 0.2–10.3 Bar / 3–150 PSI, it can support a wide range of everyday inflation needs. Preset Modes Multiple Inflation Modes Preset modes make inflation easier by helping users choose the right setting for different uses such as tyres, bicycles, motorcycles, balls, and other compatible inflatables. Real Buyer Benefit This reduces guesswork and helps avoid overinflation when used correctly. Display & Control Inflation Progress Display The screen shows inflation progress and pressure information, helping users monitor the process more clearly. Multimode Indicator The indicator system supports easier operation, especially when inflating in low-light or emergency conditions. Emergency Lighting Built-In Emergency Light The compressor includes emergency lighting, warning signal, and SOS mode. This is useful for roadside inflation, night travel, camping, and unexpected situations. Battery Life Long Battery Life The compressor can inflate up to 16 tyres on one charge, depending on tyre type, pressure level, and usage conditions. Battery Capacity 2500mAh rated capacity. Charging Time Approximately 3.5 hours. Technical Specifications Brand Xiaomi Product Type Portable electric air compressor Model MJCQB07PQW Inflation Pressure 0.2–10.3 Bar / 3–150 PSI Rated Capacity 2500mAh Rated Energy 27Wh Rated Input 5V□3A Charging Port USB-C Charging Time Approx. 3.5 hours Operating Temperature -10°C to 45°C Dimensions Approx. 152 × 100 × 63mm, excluding high-pressure air hose Lighting Modes Emergency light, warning signal, SOS What's in the Box Xiaomi Portable Electric Air Compressor 2 Pro Presta valve adapter Needle valve Storage bag Fast-connecting air valve High-pressure air hose extension Type-C charging cable User manual
