Description

M28 Retro Handheld Gaming Console with 20,000+ Built in games and PS2 Support including GTA San Andreas Game
□supports over 30 classic emulators, relive childhood gaming memories□It comes with a variety of classic game emulators, covering multiple platforms and game types. The games are clearly classified and support search. It is portable and easy to use, allowing you to relive the joys of your childhood anytime and anywhere. □Jumping RGB rainbow light effect, the game atmosphere is maximized□ The controller is equipped with dynamic jumping RGB rainbow ambient lights, which change the lighting effect as the game interacts, enhancing the immersion and entertainment experience of the game and making every game full of passion. □dual-mode hall linear trigger, precise no drift□It adopts Hall linear triggers and joystick design, achieving precise control through electromagnetic induction. It has no physical wear, no drift, no slippage, and is highly responsive, making it suitable for competitive games. □4K ultra hd output, vivid picture details□Supports 4K ultra-high-definition video output, providing richer picture details and immersive visual experiences, allowing you to enjoy stunning game graphics on your TV or monitor. □Hidden stand + dual vibration motors, comfortable and long-lasting gaming□ The hidden adjustable Angle stand on the back frees up your hands, so you won't get tired even after long gaming sessions. Equipped with dual-vibration large motors, it enhances the game feedback and improves the realistic operation experience.
