

Product specification sheet

Product	DJI Osmo Pocket 4
SKU	cm-DJI-Pocket4-Combo
Brand	DJI
Category	Camera & Photo
Minimum order quantity	1
Unit	—
Unit price	\$485.00
Available quantity	100

Description

DJI Osmo Pocket 4 Standard Combo This is where pocket cameras stop being: “small travel gadgets” and become: legitimate creator production tools. The most important shift here is NOT resolution. It’s: workflow efficiency + stabilization + sensor quality That combination is why Osmo Pocket dominates mobile creators Key Features 1-inch CMOS sensor 4K video up to 240fps 3-axis mechanical stabilization 2-inch touchscreen display ActiveTrack intelligent subject tracking 10-bit D-Log recording 107GB built-in storage Fast charging support Up to 240 minutes battery life OsmoAudio 4-channel support Camera Performance Sensor 1-inch CMOS sensor Photo Resolution Up to 37MP Real Benefit Larger sensors improve: low-light performance dynamic range depth rendering cleaner image quality Especially compared to smartphones and small action cameras. Video Performance Max Resolution & Frame Rate 4K up to 240fps Main Advantage Ultra-smooth slow motion Better motion detail capture Real Usage Ideal for: cinematic B-roll travel content sports clips social media slow motion Stabilization Stabilization Type 3-axis mechanical gimbal stabilization Why This Matters This is the REAL killer feature. Mechanical stabilization still looks more natural than most digital stabilization systems. Especially during: walking shots movement tracking handheld cinematic footage Tracking System ActiveTrack Intelligent subject tracking Autofocus Improvements Object lock tracking Registered object priority Real Advantage Reduces: framing mistakes focus hunting solo creator workflow stress Color & Dynamic Range Color Profile 10-bit D-Log Dynamic Range Up to 14 stops Real Benefit Much better: color grading flexibility highlight recovery cinematic editing potential This matters heavily for serious creators. Zoom Digital Zoom 2x lossless-style zoom switching Benefit Faster framing flexibility without noticeable quality loss Audio System OsmoAudio Support Direct DJI Mic transmitter support 4-channel audio recording support Real Advantage This creates: integrated creator workflow efficiency. DJI’s ecosystem advantage is becoming increasingly important. Storage & Transfer Built-In Storage 107GB internal memory Transfer Speed Up to 800MB/s Important Advantage No SD card dependency for many workflows. That dramatically reduces: card failures forgotten media workflow interruptions Battery & Charging Battery Runtime Up to 240 minutes Fast Charging Around 80% in approximately 18 minutes Display Screen 2-inch high-brightness touchscreen Usage Advantage Better outdoor visibility Faster camera control access Included in Standard Combo Suspension lock 1/4" threaded handle Compact carrying case Essential shooting accessories
