Description

Oral-B Vitality 100 CrossAction D100.513.1 Electric toothbrushes are often marketed with exaggerated “professional cleaning” claims. The real question is simpler: will the user brush more consistently and effectively? That’s where entry-level electric toothbrushes matter. This product is positioned as: a simple upgrade from manual brushing. Not a premium smart brushing system. Key Features Rechargeable electric toothbrush CrossAction brush head 2D oscillating & rotating cleaning Built-in 2-minute timer Better plaque removal than manual brushing Compatible with multiple Oral-B brush heads Ergonomic lightweight design Cleaning Technology 2D Cleaning Action Oscillates and rotates Main Benefit Improved plaque removal compared to manual brushing Real-World Advantage Helps users: maintain more consistent brushing motion reduce brushing effort improve coverage CrossAction Brush Head Bristle Design Bristles angled at 16 degrees Purpose Surround teeth more effectively Reach between teeth and gumline areas Built-In Timer Timer Support 2-minute brushing timer Real Benefit Most people under-brush manually. The timer improves: brushing consistency brushing duration awareness Compatibility Compatible Oral-B Heads CrossAction 3D White Sensitive Clean Floss Action Precision Clean Sensi Ultrathin Ortho Care Dual Clean TriZone Power Tip Box Contents 1 × toothbrush handle 1 × CrossAction brush head 1 × 2-pin charger Design Usage Style Everyday daily brushing Positioning Beginner-friendly electric toothbrush
