Description

Braun FaceSpa SE 851V Most facial grooming tools only solve: hair removalOR skin cleansing This product combines both into: a facial care system. That matters because facial grooming routines are usually fragmented across multiple tools. Braun is positioning this as: precision facial maintenance + skincare support. Not just “an epilator.” Key Features Facial epilator and cleansing system 3-in-1 facial care solution Slim precision epilator head Sonic facial cleansing brush Wet & dry operation Root hair removal technology Pore-deep facial cleansing Compact precision design Facial Epilation Main Function Removes facial hair from the root Precision Design Slim epilator head for delicate facial areas Best Usage Areas upper lip chin forehead jawline Main Benefit Longer-lasting smoothness compared to shaving Facial Cleansing System Sonic Cleansing Brush Deep facial cleansing support Claimed Performance Up to 6× more effective than manual cleansing Real Benefit Better makeup residue removal Improved skincare routine support Enhanced pore cleansing Wet & Dry Usage Waterproof Support Wet & dry compatible Usage Flexibility Shower use supported Dry routine usage supported Multi-Function Design Interchangeable Attachments Facial epilator Facial cleansing brush Real Advantage Reduces need for multiple separate facial tools Design Ergonomics Compact facial-focused handling Precision Focus Designed for controlled facial grooming
